Christopher Columbus Didn't Use Wooden Charts ...

In Columbus' day, sailors didn't use wooden charts because they don't roll up well and they tend to warp from rain and sea water.

Today, however, sailors (and anyone else) can enjoy the gallery of nautical charts made from the finest woods – each a work of fine art, proudly presented by

Uniquely Nautical

Available for any body of water – worldwide (as long as there's a chart or map of the area available.) Personalized to highlight your own home, boat, favorite venues, family history or cruising adventures.

Uniquely Nautical
